## Call for Papers

### International Conference on Buildings Energy Efficiency and Renewable Energy Sources 2014

The **International Conference on Buildings Energy Efficiency and Renewable Energy Sources** will be held June 1-3, 2014 in Kozani, Greece.

This conference will bring together engineers, researchers, organizations, authorities and industry from Europe and all over the world.

The aim of the Conference is:

- To promote methods, products and services from the field of energy efficiency and renewable energy sources,
- To raise awareness of the civil and scientific society about the contribution of energy efficiency and renewable energy sources in sustainable environmental protection and climate change.
- Exchange of best practices and experiences in energy efficiency in buildings and alternative sources of heating and electricity production and distribution.

#### Topics

The Organizing Committee invites engineers and researchers worldwide to submit papers for review and presentation within the following topics:

- 1) Buildings CO<sub>2</sub> Footprint Audits:
- 2) Improvement of Buildings Energy Efficiency
- 3) Building Management Systems Applications
- 4) Renewable Energy Sources based on Waste Management (Biomass, Biogas)
- 5) Renewable Energy Sources Applications on Buildings
- 6) Smart Grids

#### Paper Submission Procedure

Authors should submit a full paper of up to four A4-sized pages in length, including figures, tables and references before March 25, 2014. The full paper shall be submitted as a PDF document and shall be formatted in accordance with the PES Author's Kit. The full paper must be submitted to the online submission and review site. A link to the submission site will be available from the Conference webpage on December 20, 2013. ([www.bee-res.gr](http://www.bee-res.gr))

The full paper will be reviewed and the author(s) will be notified by email of the result by April 8, 2014. Authors of accepted papers will have time to submit their final version until April 15, 2014.

On behalf of International Conference on Energy Efficiency and Renewable Energy Sources 2014 Organizing Committee
